

USER GUIDE

Code: EASYRELEBT

UNIVERSAL RELAY CONTROLLED BY PUSH-BUTTON AND BLUETOOTH

General Characteristics

Plastic case with connection
Control push
Bluetooth control through LEF Lighting APP
Protection degree IP20
4/5 wires system

Technical Features

Input voltage range 220-240Vac
Input frequency 50Hz
Single channel relay with Mosfet output
Control through:
- push button (PUSH 230Vac)
- Bluetooth signal (LEF Lighting APP)
Manageable power (see table)
«STATUS MEMORY» function (to 0% light OFF after black-out)
Open Circuit Protection (OCP)
Overload Protection (OLP)
Over Temperature Protection (OTP)
Short Circuit Protection (SCP)
Operating ambient temperature Ta -20°C ÷ +50°C

Reference standards

EN 55015
EN 61000-3-2
EN 61000-3-3
EN 61347-1
EN 61347-2-13
EN 61547
EN 62384

Wiring diagrams

Sistema a 5 fili
5 wires system

EASYRELEBT relay must be connected according to the diagram shown in FIG. 1.

In particular :

- connect the power supply to the Input L and N terminals
- connect the load between the Output L and N terminals
- connect a normally open button (N.O.) between P (PUSH) and terminal L (LINE)

Sistema a 4 fili
4 wires system

The EASYRELEBT relay can be connected according to the diagram shown in FIG. 2.

In particular :

- connect the power supply to the Input L and N terminals
- connect the load between the N output terminals of the relay and L (line) of the mains voltage.
- connect a normally open PUSH (N.O.) between L (line) and the SW L terminal

In this configuration the load is not protected by the relay internal fuse

LEF Lighting APP functionality

(Depending on the device, only some functions could be available).

Management of 1-Channel or 4-Channels dimmers with different operating modes:

- Single channel,
- 4 synchronized channels,
- RGB (3 Channels or 3 zones),
- RGB + White (4 Channels or 4 zones),
- Dynamic White.

To install the app on a device Apple or Android:

Frame the desired QRcode for be automatically redirected to product sheet of the LEF application Lighting APP.
